**PURPOSE OF MEETING:**

This joint meeting of the Town Board and Planning Board of the Town of Lancaster was held for the purpose of acting as a Municipal Review Committee for a State Environmental Quality Review of one action.

The purpose of this review is to clear up a discrepancy in the number of lots in this subdivision which occurred as a result of the developer acquiring an additional 6+ acres and a detention pond from Valu on Transit Road.

The Town originally approved a 65 lot subdivision - (holding a SEQOR on the rezone of the property as well as the development thereon).

The developer subsequently purchased an additional 6+ acres with a detention pond which required a SEQOR for the rezone and the additional three lots to be included in the subdivision.

A SEQOR was held on the rezone portion of 6 acres but did not include development of three additional lots in the subdivision.

In order for this project to go forth, the town must complete a SEQOR review on the three additional lots thereby increasing the number of lots in the full subdivision to 68.

**IN THE MATTER OF THE SEQR REVIEW OF THE  
QUEEN'S PARK SUBDIVISION**

The Municipal Review Committee proceeded with the short Environmental Assessment Form on the Queen's Park Subdivision matter with an item for item review and discussion of the project impact and magnitude as outlined on the Short Environmental Assessment Form, entitled "Part II Environmental Assessment", which was provided to each member.

THE FOLLOWING RESOLUTION WAS OFFERED  
BY PLANNING BOARD MEMBER STEPNIAK
